52.000-4957 WIDE AREA WORKFLOW INFORMATION/INSTRUCTIONS - SERVICES (Jun 2008)
(TACOM)

To implement DFARS 252.232-7003, "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS", Red River Army Depot uses Wide Area WorkFlow — Receipt and Acceptance (WAWF-RA) to electronically process vendor requests for payment. This application allows DoD vendors to submit and track invoices and receipt/acceptance documents electronically.

The contractor is required to use WAWF-RA when processing invoices and receiving reports under this order. Submission of hard copy DD250/invoices will no longer be accepted for payment.

The contractor shall register to use WAWF-RA at <https://wawf.eb.mil>. There is no charge to use WAWF. All questions relating to system setup and vendor training can be directed to the help desk at Ogden, UT. They can be reached at 1-866-618-5988 or 1-801-605-7095. Web-based training for WAWF is also available at <http://www.wawftraining.com/>. If you are new to WAWF, please visit our website at <https://redriver.army.mil>. Click on the Procurement button on the left. At the New Information for Vendors line, click on Access Information about Wide Area Workflow (WAWF). This will take you to the WAWF Getting Started Guide for Vendors. Print this guide for step by step instructions.

The hours of work on this contract will be from 6:30 AM until 5:00 PM, (except holidays), unless other hours are specifically approved by the Contracting Officer.

52.223-4001 ENVIRONMENTAL MANAGEMENT SYSTEM (Jul 2007)

RRAD has implemented an Environmental Management System (EMS), which is based on ISO-14001, and is concerned about environmental issues. RRAD desires to conduct its business operations in an environmentally sound manner. Relevant significant aspects will be communicated to contractors (including those used for outsourcing) and suppliers through the bid package where applicable. RRAD expects its suppliers and contractors to provide, at the same quality and price, products and services that have the least environmental consequence of all available options.

Wherever possible, where a supplier's product is causing a significant environmental aspect at RRAD, RRAD will communicate to that supplier that they should select the available option that minimizes the potential environmental impact of that product. Any contractor with plans to be working six months or longer at RRAD must receive EMS awareness training and information on operational controls where applicable. This training is thirty minutes in duration and will be provided by RRAD. A copy of the RRAD Environmental Policy can be viewed on the Depot Website via the Internet.
